

UNION OFFICIALS FATE IS IN HANDS OF JURY

Outcome of Three Month's
Dynamite Trial Rests
With jury

40 OFFICIALS ACCUSED

Labor Union Heads Accused Are
of Complicity in McNamara
Plots to Destroy Property

EVIDENCE TAKEN 12 WEEKS

INDIANAPOLIS, IND., DEC. 26.—Whatever is to be the outcome of the three months' "dynamite conspiracy" trial in which forty labor union officials are accused of complicity in the McNamara plots to destroy property, including the wrecking of the Los Angeles Times building, where 21 persons were killed, now rests with the jury. Federal Judge Albert B. Anderson, a few minutes after five o'clock today, instructed the jury and ordered it to retire. The court then adjourned until 9:30 a. m. tomorrow, thus concluding the return of the verdicts before that time should they be found. All the verdicts, while separate as to each defendant, are to be returned at one time. A basis for a belief that verdicts would not be reached when court opens tomorrow and that the jurors may require a much longer time was found in the court's instruction to "carefully weigh all the evidence in the case."

It has required almost twelve weeks to introduce the evidence. Defendants await outcome. The defendants who await the outcome include Frank M. Ryan, president of the International Association of Bridge and Structural Iron Workers of which John J. McNamara, the confessed dynamiter, was once secretary; various executive board members of that union, Herbert S. Hockin, accused as an accomplice of Orville E. McManigal, another confessed dynamiter, Olaf A. Tveitmo, secretary of the California Building Trades Council, E. A. Clancy, San Francisco, and J. E. Munsey, Salt Lake City, Utah. The three last named are charged with promoting the Los Angeles explosion. These men are not charged under the federal laws with personally causing any explosion. They are charged with conspiracy to violate federal laws and with aiding in an illegal transportation of dynamite and nitro-glycerin on passenger trains. In closing his argument to the jury District Attorney Charles W. Miller again referred to the argument of United States Senator John W. Kern, counsel for the defendants. Senator Kern had left the city saying he was going to Washington.

Conspiracy "Real Crime." "The Los Angeles Times building explosion was called the crime of the century," Mr. Miller said, "but the real crime of the century was this damnable conspiracy. It would be an everlasting disgrace to our country and to our civilization if these forty conspirators are not convicted. Gentlemen of the jury, a United States senator, sworn to uphold the laws of his country, has dared to stand before you in defense of these enemies of the republic. You should find these conspirators guilty and put your seal of condemnation upon such conduct by a United States senator."

Judge's Instructions. After stating the substance of the various offenses charged and mentioning the nation-wide strike of the iron workers' union, which the government charged was the motive for 100 explosions on the work of contractors who refused to recognize the union, Judge Anderson in his instructions said it was not unlawful for the structural iron workers to organize the union to which they belong, nor to be members of that or any other labor organization. He declared that men have the right to use their combined power through such organizations to advance their interests in any lawful way; but they have no right to use this power in the violation of the law, but "members of labor organizations, owe the same obedience to the law, and are liable to the same punishment for its violation, as persons who are not members of such organizations."

"The defendants," he said, "are not on trial for causing the various explosions, and the consequent loss of life and property throughout the United States, shown by the evidence, but are on trial for the offenses charged in the indictment, the alleged transportation of dynamite on passenger trains."

Briefly reviewed evidence. The court reviewed briefly the evidence in the case showing the controversy over the open and closed shop question and the ensuing strike beginning in August, 1905, which has never been settled.

"If," the court said, "you find from the evidence that in order to carry out the purposes of the international association of defendants or two or more of them, entered into a conspiracy to destroy with dynamite and nitro-glycerin the property of the American Bridge company and other open-shop concerns, or the structures which they were erecting in various states of the union, and if you find that such conspiracy to destroy such property included as a necessary step in the accomplishment of such

tation of dynamite and nitro-glycerin upon the vehicles of common carriers engaged at the time in the transportation of passengers from a place in one place to a place or places in another or other states of the United States and if you further find that such destruction of property was accomplished by explosions of dynamite and nitro-glycerin in various places throughout the United States and that the dynamite and nitro-glycerin with which such explosions were produced were as a matter of fact transported from state to state in suit-cases and carrying cases upon the vehicles of common carriers, engaged at the time in the carrying of passengers, as averted then you will be authorized to find that a conspiracy was formed to transport dynamite and nitro-glycerin unlawfully, as charged in the indictment."

Calling attention to the charges of illegal transportation the court stated "You may find the defendants guilty of all of the counts of the indictments upon which they are not upon trial, if you are satisfied beyond a reasonable doubt that the proofs justify it. Or, you may find the defendants guilty upon any one or more of the counts of the indictment and not guilty upon the others. You may find any defendant guilty or not guilty, or you may find one or more of them guilty and the others not guilty. Before you can find any of the defendants guilty you must be satisfied of his guilt in manner and form as charged in the indictment upon which they are on trial, beyond a reasonable doubt."

Of McManigal and Edward Clark, Cincinnati, both of whom pleaded guilty and testified for the government, the court said their testimony "should" be received with caution and scrutinized with care, and added that the testimony of William J. Burns, detective detailing a conversation he had with the defendant Hockin, in which he made statements to Hockin about the defendant Tveitmo, having been a prisoner and having a prison record, "are not to be considered by you in any way in determining the guilt or innocence of the defendant Tveitmo, as to the charges laid in this indictment."

Judge Anderson concluded: "Carefully weigh all the evidence in the case and find under the rules of the law, which I have given you, determine the guilt or innocence of the defendants. With you and not the court, rests the responsibility of finding and determining the facts. The views of the court on questions of fact are not controlling upon you. You having to do with the case except to determine the single question of the guilt or innocence of the defendants. If you should return a verdict of guilty the measure of punishment to be inflicted upon the defendants is committed to the court."

Lights Out at Midnight. Lights in the third floor of the federal building where the jurors are deliberating in locked rooms indicated that they had deliberated until a late hour, but at midnight the lights were out.

Extra guards were placed at the approaches to the jury room on the lower floors of the building thus precluding any basis for truthful reports as to what progress the jurors had made.

District Attorney Miller at midnight said he believed the verdicts would be returned tomorrow.

MONROE CITY SUFFERS \$25,000 FIRE. Entire Business and Residence District of City Threatened Before Flames Are Under Control.

Quincy, Ill., Dec. 26.—Monroe City, Mo., thirty miles southwest of Quincy, today suffered a loss of nearly \$25,000 by fire, the entire business and residence district being threatened before the flames were placed under control. The blaze started shortly before noon in the Conway & Proctor lumber yard. A strong wind was blowing and the flames soon communicated with the McCallister livery barn, which was burned to the ground. The Bristol Machine company was destroyed as was the blacksmith shop of Settle & Dawson.

The Monroe City Power company was badly damaged, but the blaze was placed under control before destruction resulted. Buildings six blocks away were ignited. Quincy had an engine and hose wagon loaded in response to an appeal for help but the order was countermanded.

STRANGER IS KILLED IN NEIGHBORHOOD QUARREL.

Caller Chances to Get Into Carrigan's Yard and Is Ordered Away But Remains Shot in Face.

Danville, Ill., Dec. 26.—Samuel H. Adott, of Chicago, a railroad construction worker is dying in a local hospital from a gun shot wound inflicted at Catlin, this county last night by Louis Carrigan, a miner, who evidently mistook him for Alec Roman, a neighbor with whom family he had been having trouble. Adott was visiting the Roman home and stepped out doors, getting into Carrigan's yard by mistake. Carrigan appeared with a shotgun and ordered him away, and after Adott had crawled through a wire fence separating the two lots, fired, the charge of shot tearing away the right side of Adott's face. Carrigan is in jail awaiting the outcome of Adott's wounds which is expected to result fatally before morning.

HAS ATTACK OF GRIPPE

Propped Up in Bed He Talks
Currency Reform to Rep-
resentative Glass

WILL PROBABLY LEAVE TODAY

PRINCETON, N. J., DEC. 26.—Propped up in bed, President-elect Woodrow Wilson sat for two hours today talking about currency reform with Representative Carter Glass of Virginia, chairman of the house subcommittee on banking and currency reform, and Dr. H. P. Willis, a New York financial writer.

"The conference concerned generalities," said Mr. Glass afterward. "The governor has some positive ideas about currency reform and expressed them more decisively and clearly than any one I have ever met."

The governor had almost entirely recovered to night from his attack of grippe, but in compliance with the physicians orders he remained in bed and saw no one but Messrs. Glass and Willis. He will leave at 10:30 o'clock tomorrow for Staunton, Va., his birthplace, there to celebrate with his townfolk his 56th birthday on Saturday. The train will reach Washington at 2:15 p. m., and will be there for 15 minutes while the two special cars carrying the governor and a party of Virginians living in New York who will accompany him will be switched from the Pennsylvania railroad to the Chesapeake & Ohio. It will be the first time, however, that the president-elect will have stopped in the national capital since election. Mrs. Wilson will go with the president-elect. She said to night that while his health had improved, she had thought it a bit risky for him to make the trip to Staunton on account of cold weather. Dr. J. M. Carnochan, the family physician, saw the governor for a few minutes early in the day, but did not think another visit necessary until tomorrow.

Ready for Celebration. Staunton, Va., Dec. 26.—Visitors from various parts of the country began to arrive here today for the celebration in honor of the homecoming of President-elect Wilson, which will begin upon his arrival at Staunton tomorrow night and conclude Saturday night. The arrival of every train augmented the crowd of visitors and by tomorrow it is said that the city will be thronged.

Every precaution has been taken to safeguard the president-elect. A large detective force is here and policemen from other cities will assist in maintaining order. Word was received from Washington here today that twenty policemen from that city will be here tomorrow. Precautions also have been taken to prevent the president-elect from catching cold during the big parade which he will review Saturday. The reviewing stand will be enclosed with glass and heated. Mrs. Wilson will be tendered a reception Saturday by the Daughters of the American Revolution and Daughters of Confederacy. Plans were completed at Alexandria, Va., which will be the first stop made by the president-elect on his way to Staunton, for tendering him a big reception. The president-elect's approach will be heralded by a big bonfire at Shooters Hill, which is just west of the railway station. All along the route from Alexandria to Staunton Mr. Wilson will be greeted by the glare of bon-fires.

GRAND JURY WILL INVESTIGATE. Springfield, Ill., Dec. 26.—Tomorrow morning the Sangamon county grand jury will investigate the Alton "Hummer" train holdup. The state's attorney says John Harnett and Elmer Vigus, the two suspects identified by the train crew, will doubtless be indicted. The prisoners were arraigned to day. The effort to reduce the bond from \$5,000 to \$3,000 was unsuccessful and the men were returned to their cells.

ENGINEERS MEET IN CHICAGO. Chicago, Dec. 26.—The American Society of Agricultural Engineers began a two days' session here today. Professors of agriculture and engineers of state colleges and universities compose the society with experimental men in the employ of agricultural machinery manufacturers.

Corn planting and the technique of plowing were discussed to day.

MRS. DOWDY WEBS AGAIN. St. Louis, Dec. 26.—Mrs. Dora E. Dowdy, who was acquitted here three years ago on a charge of murdering William J. Erder, has been married to Fred Whitney of Orofino, Idaho, according to letters received to day. The trial of Mrs. Dowdy on a charge of having committed bigamy in marrying Erder has been continued eight times at Clayton, Mo., because it was reported she was seriously ill. Dr. Loren B. Dowdy was found dead in a river near Clinton,

ALASKAN REPORT SHOWS YEAR 1912 PROSPEROUS

WHITE POPULATION HAS DECREASED
IN LAST TWO YEARS

Decrease Is Attributed to Diminished
Condition in Mining and to
Probably Inadequate Land Laws—
Finishing Industry Grows.

WASHINGTON, DEC. 26.—Alaska has prospered in many respects during the last year, according to Governor Walter E. Clark, in his annual report submitted to day to Secretary of the Interior Fisher. A moderate decrease in white population during the last two years he attributes to diminished condition in mining and in equal measure probably inadequate land laws.

As to commerce between Alaska and the United States and with foreign countries, it was the largest year in the history of the territory, totalling almost \$63,000,000. Of this amount \$18,800,000 was of merchandise from the United States; a million dollars above the previous record of 1910. Alaska ships to the states \$13,200,000 worth of canned salmon and \$1,100,000 worth of other fish; \$5,000,000 worth of copper ore; \$17,200,000 worth of gold and other products valued at more than \$38,000,000. Except for gold these are all record figures, the gold exports to the United States two years ago have exceeded \$18,000,000. Never before was there so great an increase in the salmon industry a total of 87 canneries being in operation against 64 in the year before. There were 14,890 persons engaged in the work, 196 per cent more than in 1911. Altogether there were 18,000 persons in the fishing industry, of whom 7,600 were whites.

MURPHY WANTS BRESNAHAN. President of the Chicago National League Club Talks to Bresnahan and Makes Offer.

Chicago, Dec. 26.—After a long distance telephone conversation with Roger Bresnahan today, President Charles W. Murphy, of the Chicago National League baseball club, said he was certain the former St. Louis manager would be with the west side team next year. Murphy refused to say what offer he had made Bresnahan, but it was understood he told the catcher-manager he would give him a bonus of \$10,000 for his signature and a three year contract at \$6,500 a year. Bresnahan is free to sign with any National league club as he was discharged by Mrs. Helen Britton, owner of the St. Louis team. Cincinnati and Pittsburgh have been trying to sign him. Murphy said he believed Bresnahan would be good for six or seven more years in the major leagues. If he comes here he will be expected to do half of the regular catching.

DEWEY CELEBRATES 75TH BIRTHDAY. Hero of the Battle of Manila Bay Quietly Observes Seventy-Fifth Anniversary of Birth at Home.

Washington, Dec. 26.—Admiral George Dewey, hero of the battle of Manila Bay, today celebrated quietly his 75th birthday. The veteran sea fighter said that he never felt better in his life, and friends who called to congratulate him, declared that he looked "like an ensign." The admiral attributed his splendid physical condition to constant riding and to the further fact that he keeps away from midnight banquets. He said that he abandoned attending banquets long ago.

"So should any man," he declared, "who wants to feel as young as I do when he is 75."

Admiral Dewey spent a few hours at his office as president of the general board of the navy. Later he went for a drive with Mrs. Dewey and an informal family dinner at the Dewey residence tonight.

Lincoln, Neb., Dec. 26.—On his plea of guilty to a charge of raising his own salary without consulting government officials, Albert Sausman, until recently postmaster at the town of Cortland, was this evening sentenced by Federal Judge Mudgett to six months imprisonment. Sausman admitted that for a year and a half he had been making false reports of stamp cancellations to the amount of between \$300 and \$400 which was added to his salary.

Chicago, Dec. 26.—United States District Judge Carpenter today revealed one method he has of judging whether a person is testifying truthfully. If the witness chews gum and talks rapidly, the chances are no great weight should be attached to his statements, said the court.

INAUGURAL PLANS ARE DEVELOPING

Fellow Townsmen May
Escort President-Elect
in Parade

PARADE WELL BALANCED

General Wood Intends to
Have Forces Equally Re-
presented in Line up

MANY TROOPS TO TAKE PART

PRINCETON, N. J., DEC. 26.—Down Pennsylvania avenue in Washington as he rides with President Taft, President-elect Wilson probably will be escorted in the inaugural parade by sixty of his fellow townfolk and neighbors. Members of Company L, second regiment of the New Jersey national guard, already are getting new uniforms and preparing to participate in the inaugural parade as the personal escort of Mr. Wilson. This company was founded here by Col. William Libbey, Princeton '77, now a member of the governor's staff. In the parade two years ago, when Mr. Wilson became governor, they served as his personal escort.

Marcus Farr, Princeton '92, and a professor in geology in the university, is captain of the company and it is composed for the most part of young men of the town whom Mr. Wilson has known for the last 20 years. The company for seven years held the state championship in marksmanship. Though the president-elect has not yet made any announcement, the boys of Company L feel sure they will be chosen.

The governor also has not yet decided what organization will lead the inaugural parade.

He has had many requests from crack troops from a dozen or more military schools throughout the country.

Major General Wood Busy. Washington, Dec. 26.—Major General Leonard Wood, chief of staff who has just been named as chief marshal of the approaching inaugural parade, has begun to outline his plans for the military and navy demonstrations.

The selection of General Wood to undertake this task is in line with precedents which, for the last several administrations, has led to the selection of the senior army officer on the active list in Washington regardless of political affiliation. Thus it happened that the military features of President Taft's inauguration were in charge of Major General J. Franklin Bell, while the late Lieutenant General Henry C. Corbin performed a similar function at the last inauguration of Theodore Roosevelt.

General Wood's purpose is to make the Wilson inaugural parade as well balanced as possible in the matter of the representation of the cavalry, infantry and artillery of the army, the blue jackets and marines of the navy, and adequate and liberal representation of the national guard and a well proportioned civic display.

Conspicuous began to day between General Wood and the ranking officers of the army and navy now in Washington and correspondence has been instituted between the chief marshal and the governors and adjutants general's of the various states and territories in regard to the participation of the militia in the inauguration.

One of the features of the plan is to gather in Washington several thousand troops from the various army posts, probably as far west as Chicago and south to the Atlantic post, as well as the entire cadet corps and mid-shimen battalion from their respective academies. This will involve the war department in considerable expense on account of transportation and as that particular appropriation has been greatly reduced owing to recent extensive changes of station of officers and troops may be necessary to apply to congress immediately upon the convening next week for a deficiency appropriation.

BATTLESHIP RETURNS. Washington, Dec. 26.—The battleship New Hampshire which was hurried to Santo Domingo City when it appeared that the lately quelled revolution might break out anew is now enroute to Norfolk her presence in Dominican waters having had the expected effect.

Although no further trouble in Santo Domingo is anticipated it is probable that the cruiser Des Moines will leave New Orleans Jan. 2 for Dominican waters.

WILL CLOSE CHICAGO OFFICE. Chicago, Dec. 26.—The Chicago pension office and eighteen others in different parts of the country will be closed on January 31st, next, it was officially announced here tonight. After that date persons will be paid from Washington. Twenty-two employees of the Chicago office will go to Washington. WILL PROBE MEXICAN BORDER CONDITIONS

INVESTIGATION OF PROTEST SENT
TO TAFT WILL BE MADE

Claim is Made That U. S. Special
Agents Along Border Dispose of
Guns and Ammunition to Mexican
Federals and That Rebels Are De-
nied.

WASHINGTON, DEC. 26.—Attorney General Wickersham is investigating a protest recently made to President Taft by members of the senate committee inquiring into conditions along the Mexican border against alleged improper methods by some of the special agents of the department of justice in enforcing the neutrality laws in connection with the present revolution. Chairman William Alden Smith and Senator Fall of the committee laid much of the testimony they had gathered before the president and called attention, it is understood, to the fact that arms and ammunition were permitted to go to the Mexican federals. This situation officials point out is the result of the neutrality resolution passed by congress by which armaments of war are allowed to go only to the established government of Mexico. The complaints against the special agents, referred by the president to the attorney general charged it is said, that Mexican consul Llorente, at El Paso Texas, practically directed the operations of the American agents and that there was too close relationship between the federal agents of Mexico and those of the United States.

Officials declare that the protest grows out of the energy with which the special agents have enforced the neutrality resolution and that much of the critical testimony came from a special agent who was permitted to resign. It is denied that any improper influence is exerted by Mexican officials. American and Mexican agents, it is said, co-operate in detecting violations of neutrality by the rebels as a natural result of the resolution by which arms go to the federals only.

Specific charges of improper conduct by an agent of the department, it was said, had been dealt with by the attorney general with the dismissal of the employee figuring in a conspiracy.

CONVICTS PRESENT DEPUTY WARDEN WITH PRESENT

Official Whose Duty it is to Superintend Punishment of Unlawful Prisoners is Given Remembrance From Some He Punished.

Joliet, Ill., Dec. 26.—From within the walls of the state prison here today came a story of a strange Christmas present received by Harry Sims, a deputy warden, whose duty it is to superintend the punishment of unruly convicts. The remembrance was from some of the men whom he had punished in the seven years he has been connected with the prison. The present was a letter of appreciation written by an accomplished convict penman, and decorated with a holly border, the work of another inmate.

Several scores of prisoners aided in composing the body of the letter. When the men were in their cells the manuscript was passed supinely through the long row of cages and when it finally was completed was given to Harry Sims. Then arose the question of how the presentation could be made so all the convicts would see it. Finally H. K. McAvoy, a Chicago railroad man and slight-of-hand performer, who frequently visits the prison and aids in entertaining the inmates visited the institution and agreed to give the letter to Sims. The afternoon of Christmas day, while McAvoy was working on a stage in the chapel where all the convicts were gathered, he called Sims from the crowd and handed him the letter. A loud cheer followed.

BOULWARE FILES NOTICE OF CONTEST AGAINST DAILEY

Alleges Among Other Things That Money Was Used to Buy Votes in a Number of Precincts.

Springfield, Ill., Dec. 26.—Notice of a contest for the state senatorship in the eighteenth district was filed today with Secretary of State Doyle by Jefferson B. Boulware against Senator John Dailey, of Peoria. Boulware, Democrat, lost to Dailey, Republican, by less than fifty votes. Among other allegations he declares that money was used to buy votes in a number of precincts. That in one precinct a "case of beer" was received by an election judge and while voting was in progress a number of persons were in an intoxicated condition in and about the room used for voting. Boulware also alleges that in two precincts in the city of Peoria, less than one hundred feet from the polling places were open while voting was in progress. The claim is made that two hundred votes were erroneously counted for Dailey, and the canvass made by the county board of canvassers of Peoria county was illegal.

Notice of contests against F. E. J. Lloyd, Progressive, and John P. Walsh and Henry M. Ashton, Democrats, in the third senatorial district, was also filed by Robert R. Jackson, Republican, who alleges the judges and clerks erred in canvass as the vote. A similar contest was started the other day in this same district by William Ostrom, another defeated

TURKS AND ALLIES STAND BY TERMS

Both Sides Declare That
it Will Be Impossible
to Recede

SAY PEACE IS PROBABLE

Probabilities for the Conclusion
of Peace are Greater than
that of More Fighting

TURKS APPEAR OPTIMISTIC

LONDON, DEC. 26.—Both the Turks and the Balkan allies are standing by their guns on the peace terms. Both declare that it is impossible to recede from their positions.

Nevertheless, those who think they know what is going on behind the scenes still believe the probabilities of the conclusion of peace are greater than that of the resumption of the conflict.

The exchange of cipher messages between the administration at Constantinople and Reichad Pasha continues, but the chief of the Turkish plenipotentiaries decline to divulge the nature of the reply he will present to the allies Saturday when the conference re-assembles. It is understood this will be as already outlined in the addition promise that the allies will apply to the European territories remaining to her the reforms which Count von Berchtold, the Austro-Hungarian foreign minister, proposed before the war. "While I cannot discuss the reply of the Ottoman government, said Reichad Pasha tonight, "Nothing prevents me from saying that the terms the allies have proposed are simply absurd. They have produced this impression wherever heard, even outside of Turkish circles. It was never known that after the conclusion of an armistice one belligerent party could ask the other to concede territories."

"Why should we do this, especially when the Bulgarians had three reverses at our hands just before the armistice, while the Greeks, who continued to fight were defeated both on land around Janina and at sea off the Dardanelles."

"Turkey was induced to accept an armistice only on the advice of powers, in order to avoid useless carnage on both sides. The same humanitarian consideration led the Ottoman government to ask for the revivification of the besieged towns and might induce the government to yield certain conditions for the sake of peace. But there is a limit which the allies have far surpassed."

The allies on the other hand assert that the armistice was arranged to give Turkey an opportunity of making peace terms without suffering further losses in the field and they characterize Turkey's talk of keeping Adrianople, Janina and Scutari, and regaining Salonika, as simply laughable. General Dangles, the Greek chief of general staff said:

"Let them come and take Salonika if they can. Even the dust of our ancient heroes would rise up to defend our rights."

The most optimistic of the Turkish military party profess confidence that the Bulgarians will never be able to force the Thetalia lines, but that on the contrary with her present powerful army Turkey will free Adrianople in a fortnight, and, adding that garrison to the main body will take the offensive toward Philippopolis and Salonika.

THOMAS WOODSON ARRESTED FOR OBERMEYER AUTOMOBILE DISTURBING PEACE AT NEGRO DANCE IS DAMAGED \$200

Officer Arenz Accidentally Shoots Bystander When Police Are Taking Woodson to City Lock-up.

Thomas Woodson was arrested on a charge of disturbing the peace at a dance given at his home on North West street, Tuesday evening, and was fined \$2 and costs in Squire Coons' court Wednesday. As the officers were on the way to the station with their prisoner, Fred Holle, a bystander, was accidentally shot in the foot by Officer Arenz.

The dance was given by Woodson and an admission of 5 cents a couple was charged. Some sort of a misunderstanding arose between those present and Woodson got out a revolver and fired a shot into the floor. The police were called and Woodson was arrested on a charge of disturbing the peace.

While on the way back to the station it is said a number of persons followed and one of them made an insulting remark. Officer Arenz turned to get the man, tripped and fell, when his revolver in his overcoat pocket was discharged, the bullet striking Fred Holle in the foot. Holle's injury is said to be slight and Officer Arenz captured his man, Len McPike, who was fined \$25 and costs on a charge of carrying concealed weapons.

"Q." CABOOSE BURNS.

Flames Destroy Car on Main Track Near Concord.

The C. B. & Q. railroad suffered the loss of a caboose Christmas day at Concord. The car was part of extra freight No. 5207 south bound to Centralia. The fire was first noticed at 2 o'clock Wednesday while the train was standing on the main track. There were about 80 cars to the train, which made the caboose about three-quarters of a mile north of the station so that the flames gained good headway before discovered, as the conductor had gone down to the Concord station and the hind brakeman had gone back to flag No. 48, passenger.

As quickly as possible the train was run south; the caboose detached and put under the water tank on the side track. The motion of the train was the best feeder on earth for the fire and by the time the tank was reached the waycar resembled a flat car more than anything else.

It is thought the fire originated, either from a hot stove, or else from some fusine. It usually takes from \$1,000 to \$1,200 to build a caboose.

ARRESTED FOR ASSAULT.

Charles S. Anderson and J. Dawson were arrested Thursday for an alleged assault on Elmer Smith, who is employed in D. M. Keating's lunch room on the north side of the square. According to the story a man under the influence of liquor went into the Keating place and he was in such condition that the proprietor thought it best to have him taken away and asked Smith to attend to the matter. Smith, it is said, was accompanying the inebriated one along an alley when Anderson and Dawson attacked him and one of them gave him a wound under the eye which bled profusely. Smith caused the arrest of his assailants and the drunken man was also taken to the city prison.

BELDER, SHOT DURING FIGHT MAY RECOVER

Man Shot By Policeman Has Chance of Recovery Although High Fever Has Set in Which May Result in Pneumonia.

Springfield, Ill., Dec. 26.—Physicians now believe that John Belder of Taylorville, who was shot by Policeman Charles Cates, in the city yesterday during a battle between officers and Belder at the residence of Mrs. Emma Fisher, Belder's mother-in-law, will recover, though a high fever set in tonight and it is thought that pneumonia will result. Mrs. Fisher who was reported dangerously wounded dis getting along nicely, and physicians say there is no danger of her wound resulting fatally. Belder told his physician today that he shot himself after his battle with the officers in an attempt to kill himself, but this story is not believed by the physician as there are no powder marks on his clothing and it would have been difficult to shoot himself so that the bullet would take the range that it showed. The bullet was a 32 caliber the same as that used by Officer Cates while Belder was shooting a 38 caliber revolver.

Mrs. Belder refused to come to see her husband today. She says she consulted an officer several days ago with the intention of bringing divorce proceedings and she will push the suit.

SUFFRAGISTS HAVE REACHED STOCKPORT IN LONG MARCH

"Army" Which Is Tramping to Albany to Deliver Message to the Governor is Given Noisy Welcome.

The suffragette army which is marching to Albany to carry a message to Governor-elect Sulzer reached here this afternoon and was given a noisy welcome.

The greetings received from the town folk of Stockport were of rather an explosive and startling character. One enthusiastic citizen without warning fired his shot gun within close range of the marching pilgrims causing every member of the band to jump in terror.

"Surgeon" Dock narrowly escaped injury from a skyrocket that was set off to greet the army.

Some of the marchers were in such fine physical trim that they spent part of the afternoon coasting down nearby hills on sleds borrowed from small boys. Around a huge bon-fire tonight extemporaneous speeches were made and debates of the suffrage movement conducted.

The army will resume the march tomorrow.

NEW TARIFF LAW MUST RAISE ABOUT \$350,000,000

Amount Would Have To Be Provided for Upon Elimination of the Present Payne-Aldrich Tariff Law.

Washington, Dec. 26.—Between \$325,000,000 and \$350,000,000 will have to be raised by the tariff legislation of the next congress. This is the basis upon which the ways and means committee is figuring the amount representing what would have to be provided for upon the elimination of the present Payne-Aldrich tariff law.

The committee plans to provide in the tariff revision plans whether the new congress should deal with its schedule by schedule or in a general bill program and whether there should be an excise or income tax to meet part of the revenue necessities. A number of the members of the house committee on ways and means were at the capitol today preparing for the coming hearings.

Representative Underwood of Alabama, chairman of the committee who is to confer with President-elect Wilson next Tuesday, in response to an invitation from Mr. Wilson which he accepted today, was at the capitol still suffering somewhat from an attack of grippe. Mr. Underwood had a volume of correspondence to attend to relating to plans for the hearings. The hearings begin with the chemical schedule January 6th.

FATHER CHARLES SPEAKS AT MISSION THURSDAY NIGHT

Delivers Sermon on Death—Father Ignatius Speaks at Services Christmas Morning and Evening.

With the admonition that the life of every man should be a preparation for eternity, Father Charles, the Passionist missionary, delivered a most convincing sermon to a vast audience at the mission services at the Catholic church Thursday evening.

At 5 o'clock Christmas morning solemn high mass was said with Father Formaz as celebrant, Father Ignatius as deacon and Father Charles as sub-deacon. The sermon was delivered by Father Ignatius who spoke on the home at the mission service Wednesday evening.

At the service Thursday evening, Father Charles said in part:

"Were we to ask the many people whom we meet in the crowded streets who are you and where are you going, we would receive varied answers. One would say that he is a merchant and is on his way to his store, another that he is a working man on his way to his work and still another that he is a student on his way to school. There is an answer to this question that none would give and perhaps not think of, and it is, I am a wayfarer on my way to eternity. This is the answer that every man, woman and child should give to the question, for it was that we might travel through this life and go to eternity that God placed us here. As we are placed here to live in a certain way if we wish to do this work we are placed here to do in the right way, it behooves us to live according to the commands of God. Life is and must be a preparation for eternity. If we live well we will die well and be happy in eternity. If we live ill we will die in the same way and be unhappy for eternity. This thought of death is put out of the minds of the vast majority, who seem to think that death is something they can prepare for in a few minutes. This is why so many make a failure of life. We have many reminders of death day after day. In the spring the leaves come out on the trees, during the summer they grow and in the fall die, which tells us that such is the life of every living thing, it is born, it grows and it dies. We see the visitation of death round about us, see friends and relatives taken away, father, mother, sister and brother ruthlessly taken out of life, yet we put away thoughts of our own death."

"Reason tells us that life is a preparation for death, that to die well we must live well, and I would like to give you this thought to take home with you, that death will come, you know not when, where nor how and it will give no warning. This is the thought that will save your soul. The man who puts death out of his mind lives in the false security that death is a thing far off that he will have aration for death, that to die well we must live well. Who has assured any man that he will have time to have one moment to cry out for forgiveness. Be faithful to the teachings of the church and if there is any man here tonight who has not made up his mind to make the mission, he should do so because this may be God's final blessing and if you neglect it, you may not receive another chance."

NOTES OF LYNNVILLE CHRISTIAN CHURCH

Bible school convenes Sunday at 10 o'clock. At this time an offering will be taken for the orphanage of St. Louis and it will also be decided who will preside over the Bible school and superintendent for the coming year. Those who have Bible problems are requested to hand them in next Sunday and receive second problems. Mrs. Thornborrow of Jacksonville will address the people of Lynnville at the Christian church in the interest of the C. W. B. M. Because of the funeral of Mrs. Shirliff Sunday morning and the address of Mrs. Thornborrow next Sunday the pastor, Rev. G. W. Burnett did not preach his Christmas sermon, but will do so Sunday evening at 7 o'clock.

Next Sunday, Superintendent Mrs. Robert Ranson has chosen for the gift offering to the orphanage home. Gifts, such as jars of fruits, dressed chickens, wearing apparel and the like will be gratefully received. Mrs. Ranson's heart is in the work and makes a fine superintendent for this benevolent society. She has for many years given a case of eggs from her own henery. Don't forget the unfortunate ones of our orphanage. Its more blessed to give than to receive.

To Hold Revival.

Monday night Evangelist Sheerer, will begin a series of revival meetings at the Christian church with stereopticon views each night. Mr. Sheerer's daughter will have charge of the singing. If you are a lover of good common sense religion these meetings will be a treat to you. There are no reserved seats, the church will be well lighted, good song service each night. The music will be one of the features of the meeting. All other churches with their pastors are requested to be at this meeting. Come over into Macedonia and help us.

EASTERN STAR OFFICERS WERE FORMALL I

Impressive Ceremonies Took Place Thursday Night at Masonic Temple.

The order of the Eastern Star is strong in this city and admirably represented by some of the best people of the city and county. Wilber Chapter No. 358 is in a flourishing condition and begins a new year under the most favorable auspices. The retiring worthy matron, Miss Bertha L. Wright, has been indefatigable in her efforts for the order and she has been ably seconded by the officers and members in the work of the body and the public installation Thursday evening was a proof of the statement.

A fine gathering of members and invited guests occupied the chairs in the Masonic Temple and the assembly was called to order by Miss Wright, who appointed a committee consisting of Mrs. Emma Scott, Mrs. W. H. Stallings and Homer Rowland to present and introduce the installing officers which was done. They were:

Installing Officer—Mary E. Ross, P. W. M.
Installing Marshal—C. P. Ross, P. W. M.
Installing Chaplain—Mary Kennedy, P. W. M.

Officers Installed.
Worthy Matron—Ida C. Crawley.
Worthy Patron—Wm. Crawley.
Associate Matron—Velma Rowland.
Secretary—Mae A. Scott.
Treasurer—Annie E. P. Moore.
Conductress—Mary LaRue.
Associate Conductress—Fern Haigh.

Chaplain—Alice E. Scott.
Marshals—Ann L. Johns.
Aids—Mary I. Phillips.
Ruth—Minnie Wyatt.
Esther—Lena M. Rabjohns.
Electa—Jennie Helmich.
Warder—Harriett Haigh.
Sentinel—H. J. Kennedy.
Organist—Myra Raedner.

Mrs. Ross is a remarkable woman holding in her memory all the extensive work of the position of installing officer and not once faltering or forgetting though the ritual was long and intricate. Everything passed off without a hitch, the only cloud on the occasion being the illness of Mrs. Jennie Helmich, one of the "five points," and it is hoped that she will soon be on hand again.

The work ended, the gathering was invited to the banquet room where tables had been spread for all and there were even a few plates to spare though the number sitting down was large. A sumptuous banquet was admirably served and eaten with a hearty relish. There was enough and to spare and all praised it highly.

Miss Bertha L. Wright, the retiring worthy matron, in her beautiful and faultless manner, introduced as toastmaster of the evening, Alex Rabjohn, who performed his duties admirably.

Remarks were made by the following: Mrs. Ida E. Crawley, worthy matron, Wm. Crawley, worthy patron, C. P. Ross, S. W. Nichols, Miss Sue Fox, who also delighted the audience with a recitation, and Rev. W. L. Dorgan.

All the speeches breathed a spirit of devotion to and admiration for the order and loyalty to its best interests. The entire evening was a pronounced success.

GREAT CHRISTMAS TREE WILL DELIGHT THOUSANDS

Unique Feature Planned For Madison Square Garden Will Be Holiday Feature For Week.

Miss M. E. Catlin has received from her niece, Miss Lucy Catlin who is in New York city a clipping from the New York Times telling about the monster Christmas tree erected in Madison Square Garden and which will be on exhibition all of this week. The program which includes beautiful chimes and choruses is one which will delight thousands. The newspaper description follows:

The correct program for the ceremonies around the "Tree of Light," the inside name of the big Christmas tree which will spread its branches for all the city on Christmas eve, was given out yesterday. Four hundred and fifty chimes from the Metropolitan tower are to sound the first festive notes, starting at 4:50 on Tuesday afternoon, for ten minutes. Then as the last notes of the tower chimes sound, the bells all over the city will come in jubilantly, and in deep and light tones, high and low, ring out the Christmas anthems for a full half hour.

All this time the big tree, which in the great mound of cement which will support it will stand fully seventy feet high, will be dark and still. Then, at 6:30 p. m., from north and south, east and west, there will come a glorious blast of trumpets, the "Parsifal Call," and in a moment the hundreds of lights of all colors will appear like blossoms bursting into bloom, and will announce that the Christmas celebration is really begun.

Almost simultaneously with the lighting of the tree there will be a burst of music from many throats, and various choruses and singing societies will sing one after the other and together from 5:30 to 7. From 7 to 8:30 well-known soloists will sing in quartets Christmas carols from the earliest known down to modern times, and at the end the echoes will ring again with a fanfare of the trumpets. A brass band of forty instruments will play, from 8:45 to 10. Bach chorales, famous marches, national anthems, and the folk music of all nations. This precedes the intermission.

At 11 o'clock the band will again begin to play, and at exactly 12 o'clock, midnight, the notes of "My Country 'Tis of Thee" will be sounded, and every one is asked to join in the singing. The tree will remain lighted until dawn, and every following night until New Year's day, the lights going out the last time as the dawn comes in on the first day of the new year. A large company of Boy Scouts of America has volunteered to act as peace officers for the first celebration.

Jacob Riis will have a part in the last day at the tree, for the music which he has proposed for the parks to take the place of the customary new year's eve racket will be given in Madison Square park as well as other parks, and in the glow of the lights of the Christmas tree on its last night.

The big "Tree of Light" will make a difference to many private Christmas eve celebrations. Many people in the city have given up house parties to go to see the big tree and help swell the choruses, and even Santa Claus will postpone an early distribution of Christmas gifts and, traveling easily by motor in place of the old-time reindeer, will make his rounds after he has visited the tree. There are many private Santa Claus who have put off their labors until the following day to visit the celebration.

The spirit of the "Tree of Light" has been put into verse by Jean Dwight Franklin. This is her poem:

Mr. Alkire has not been well for sometime and contemplates a little trip south soon, in order to recuperate in health. The pastor and family feels most grateful for the kind remembrances.

THE CHRISTMAS CHILD'S CHRISTMAS TREE.

(Madison Square Garden, 1912.)

Above the bustle and wear and tear of a city's life in a busy square, The Christmas tree stands with its open hands,
A symbol of love for all to share;
And great and small respond to the call
Of the chimes in the belfry, till one and all
Forsake the shop and gilded home,
For the voice of the Christ Child calling.
"Come—
O, come—Lo, My festival is free,
And love is the host at my Christmas tree!"

They gather—the rich and poor are one;
Parent and child and the stranger lone;
For the heart of the city goes out tonight
In a chorus of music—a flood of light;
And the Christ child spirit, divinely fair,
That illuminated the manger cold and bare,
Is born again in the city square.

The time in which to make the arrangements for the tree and the program has been so short that it has not been possible to ask as many people of as many nations as was desired to assist in the music, and they are now asked publicly, any and all, to come and sing in their native language their native songs. The Rev. D. J. Williams asks specially to have his people, the Welsh, come out to join in the choruses with the Gwent singers, who are on the program.

ATTENTION, R. AND S. MASTERS!

Jacksonville Council, No. 5, R. and S. Masters, will hold their annual assembly tonight at 7:30 o'clock in Masonic Temple. Election of officers. T. P. Carter, T. I. M. John R. Phillips, Rec.

PUBLISHED GREAT PAPER.

Anthony Kennedy has received from his daughter, Miss Grace Kennedy a copy of a souvenir edition of the Daily Missoulian recently issued. There are 108 pages in the paper and it shows by reading matter and half tones something of the wonderful growth of Missoula within a few years time. Miss Kennedy's face appears in a group of young women who make their home at the Y. W. C. A. building. The young women there have a very lively organization and accomplish a great deal of good. One feature of their work is that each week two members are elected to meet every train which reaches Missoula, their duty being to take care of any woman who reaches the city without having friends or acquaintances. Miss Kennedy it will be remembered has a tract of fine land not far from Missoula which she has leased to advantage.

COMMISSIONERS WILL CONFER.

Nineteen Illinois cities are now governed by commissions and the question will be submitted to the people in the coming spring.

CHRISTMAS PROGRAMS.

At Northminster Church.

This church was packed to utmost capacity Wednesday night and several were unable to gain admission owing to the vast throng inside. All went well from start to finish and the program as published in the Journal was carried out. Everything went off with vigor and in a successful manner and the Christmas tree was truly a sight to behold. In addition to the gifts for the little folks many had placed there articles for their friends.

A very happy feature of the evening was the gift of \$25 in gold to the faithful pastor, Rev. W. L. Spooner, by his large Bible class. The gift was fully appreciated by the worthy gentleman and gave him assurance that his arduous labors in behalf of the good cause are not forgotten by his congregation.

Entertainment at Liberty.

A Christmas entertainment was given at the Baptist church Wednesday evening which was attended by a large crowd. A cantata "Christmas Eve at Finnigan's Flat," was given by the children which was much enjoyed and afterwards there was a large tree with a treat for the children.

At Elk Horn School.

Pupils of Elk Horn school gave a Christmas entertainment Monday night at the school house where a large company assembled to enjoy the program. At Providence Church.

A very pleasing Christmas program was given Wednesday evening at the Providence M. E. church, which was largely attended. Those who took part in the entertainment acquitted themselves in a pleasing manner and all were delighted with the entertainment afforded. Santa Claus found his way to the church and proved very generous to both old and young. Mrs. F. B. Spire, who had charge of the program, and the ladies of the church worked hard to make the young people of the neighborhood happy and succeeded most admirably. The following was the program:

Song by the congregation—"All Hail the Power of Jesus' Name."

CHRISTMAS PROGRAM AT BROOKLYN CHURCH.

A splendid Christmas program was given at the Brooklyn M. E. church Wednesday evening. It was a cantata entitled "The Manger Throne" under the musical direction of Miss Mary Lindsey. The cantata contained four quartets, two trios, two duets, ten solos and five choruses. Those taking the solo parts were Miss Jessie Rotger, Mrs. W. P. Duncan, Mr. Ellis and Hubert Litter. Philip Reed acted as accompanist. Miss Self also assisted in the singing and Miss Hazel Glenn acted as violinist in a solo given by Mrs. Duncan. Too much praise cannot be given Miss Lindsey for the way in which she directed the music, showing much ability as a leader and all the soloists and those taking part in the choruses are deserving of much praise.

Prof. J. H. Reid, superintendent of the Sunday school, had charge of a very excellent program given principally by the children of the Sunday school. All did remarkably well and the program was greatly enjoyed by the large audience present.

The children were drilled by Mrs. J. H. Clements, Mrs. Everett Whitlock and Miss Nellie Glenn. The decoration for the entertainment were very pretty and without the evening was one thoroughly entertaining.

Figs bring \$50.00 per ton in California

FIG TREES are grown on the roadside, as a border tree. They seem to thrive best around vineyards. They are vigorous and require but little care. The fruit is allowed to fall, then gathered and dried. Three thousand tons were packed, which means \$150,000, in Fresno alone last year, and this is only a minor part of the fruit industry in California.

There are also enormous profits in growing grapes. More skill and intelligent care is required, but the work is not heavy. The average yield is five to seven tons per acre. The maximum return is \$50 per ton, the average \$25; the minimum is \$10—even this price will pay the grower's profit.

Get some land now. It does not require a great amount of capital. You can make a nominal cash payment and defer the remainder with interest for a number of years.

Go out and investigate conditions for yourself. Go now while the reduced rates are in effect. There is a great

ANOTHER WONDER OF SCIENCE.

Biology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality, causing itching scalp, falling hair, and finally baldness. With out dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

LANGFORD DROPS McVEY IN THE 13TH

SCORES KNOCKOUT IN THIRTEENTH ROUND OF FIERCE FIGHT.

Langford Forces Fighting From the Start and Has the Best of it Throughout the Match—Participants Have Fought Six Times.

Sydney, Australia, Dec. 26.—Sam Langford, knocked out Sam McVey in the thirteenth round today in one of the fiercest heavy-weight battles seen in Australia in years.

Langford had the best of the fighting throughout the match. He severely punished McVey who, however, made a plucky defense. Langford began fighting fiercely in the first round, landing lefts and rights and driving McVey to the ropes, only during the third rounds did McVey show any sign of equality with his "Nova Scotian" opponent and even then his punches did not worry Langford a great deal.

In the fourth round Langford floored McVey with an uppercut to the chin and from then on McVey simply tried to protect himself but received severe punishment.

The finish came in the thirteenth round when Langford again forced McVey to the ropes and then landed innumerable lefts and rights on his face, causing McVey to fall completely beaten.

Was Their Sixth Battle.

Today's fight between Sam Langford and Sam McVey, the two heavy weight negro boxers was the 6th occasion on which they had met. The Bostonian, Langford, has now defeated the Californian McVey, on four occasions, on one other occasion he was beaten by McVey and one of their fights ended in a draw. Five of these matches were fought in Australia and the remaining one, in Paris. Langford holds the title of heavy weight champion of England and McVey that of heavy weight champion of Australia.

It was reported at one time that Langford was to fight Jack Johnson for the heavy weight championship of the world.

Sam Langford who is 32 years old, entered the ring as a professional in 1902, and has during the last ten years had a remarkable boxing career.

It will avert danger of serious results and cure quickly. No harmful drugs. City Drug Store—J. A. Obermeyer.

CLOSING OUT.

California Woman Seriously Alarmed

"A short time ago I contracted a severe cold which settled on my lungs and caused me a great deal of annoyance. I would have had coughing spells and my lungs were so sore and inflamed I began to be seriously alarmed. A friend recommended Chamberlain's Cough Remedy, saying she had used it for years. I bought a bottle and it relieved my cough the first night, and in a week I was rid of the cold and soreness of my lungs," writes Miss Marie Gerber, Sawtelle, Cal. For sale by all dealers.

TO PURCHASE PIANO.

For some months, Ebenezer church northwest of the city, has been undergoing repairs and having a fine basement added, and the young people of the Epworth League are planning to place a new piano in the building when it is completed. Various means have been considered for raising the money necessary for such a purchase, among which is that of giving a play. The members of the Epworth League have been busy for some time practicing, and they expect to present the play in the latter part of January. If all goes well they plan to stage the play in some of the surrounding churches and small towns, as well as in their own community. Committees have been appointed for terms of three months, each committee to be responsible for a fixed amount in payment for the piano.

Minneapolis Police Begin Investigation into Death of Daniel Horn Who Disappeared in Twin Cities.

Minneapolis, Dec. 26.—Police of Minneapolis today commenced an investigation of circumstances surrounding the death of Daniel Horn which occurred some where in the Twin cities one month ago. According to his mother, Mrs. Kate Horn of Decorah, Iowa, her son was drugged by a gang in the Twin cities, forced to marry a woman member in order to obtain his life insurance and then murdered.

Mrs. Horn's letter which was written to a court official here declares that her son, however, had not changed the policy and that she would secure the life insurance.

Man Dead, But Train is Safe.

Henry Luke, while employed as a track man on the Santa Fe, near the W. I. mine on the outskirts of Streator, was engulfed when the earth under his feet gave way and he was precipitated in quicksand which had begun to fall into the mine workings below.

Luke's companions were nearby, but he disappeared before they could reach him. Later a man was lowered by a rope into the hole, but he failed to locate Luke. Experts from the mine rescue station at LaSalle are here tonight engaged in the search for the trackman.

Shortly after the mishap a Santa Fe passenger train came along, but was halted in time to prevent a disaster. The roadbed had been insecure at this point for several days.

HEALTHY WOMEN SCARCE.

Is the Verdict of Scientific Investigation.

How many women do you know who are perfectly well, strong and healthy as a woman should be? They may not be sick enough to lie in bed—but they are run-down nowadays, and so much is expected of them, that they constantly overdo and suffer from headache, backache, nervousness and kindred ills.

Such women need Vinol, our delicious cod liver and iron tonic without oil which will create an appetite, tone up the digestive organs, make pure blood and create strength.

Mrs. W. G. Ritchie, Patchogue, N. Y., says: "Vinol is certainly the best tonic I have ever taken. I was run down and tired all the time, but, thanks to Vinol, I am feeling all right again."

TO SECURE HEALTH

FACTS BY CENSUS

Following the recommendations of state and federal sanitary experts, made at its recent sixth annual convention here, the Association of Life Insurance Presidents has decided to concentrate its health reform activities in a movement for the enactment of laws for the proper registration of vital statistics and for the enforcement of those laws. Its work will be in co-operation with the United States census bureau, which is advocating a standard form of registration, and with constituted authorities in those states where there is not at present adequate registration.

"Health Bookkeeping," as the association terms the registration of vital statistics, is declared to be essential to an effective campaign for prolonging the lives of life insurance policyholders. While the association, from time to time, has given the weight of its influence towards movements for the prevention of various diseases, it states that it believes more comprehensive and lasting results can be obtained if it is made possible first for the constituted health authorities of all municipalities, counties and states to obtain accurate information as to the extent and character of disease and mortality in their respective sections.

AMERICAN "ADMIRAL" IDENTIFIED

Naval Officer Directing Naval Campaign of Turks is Said to be a Retired American Skipper.

Washington, Dec. 26.—"The Admiral Bucknam," mentioned in London despatches as a retired American naval officer, directing the naval campaign of the Turks, is said at the navy department to be a retired skipper, whose last service in this country was one of the experts at the Gramp shipbuilding concern especially charged with the conduct of trials of the naval vessels. It is known, however, that a captain, a graduate of the Annapolis academy, has been connected with the Turkish navy for the last ten years. He was graduated from the naval academy in 1884 and for a number of years was in charge of a tug at Panama.

WEST JACKSONVILLE CIRCUIT.

The Christmas season was very appropriately recognized by the Sunday schools of the Point and Ebenezer, the former on Monday evening and the latter on Tuesday evening. Both schools participated in a special offering which was forwarded Thursday morning to Miss B. Blackburn, missionary at Lovetich, Bulgaria. The contribution amounted to \$28. The pastor Rev. E. B. Mouck and family received a very generous remembrance in the distribution of presents, receiving gifts of money and dainty eatables to the value of over \$50. At Ebenezer the members of the Sunday school presented their popular superintendent, Charles E. Patterson with a heavy lap robe so that he will be without an excuse for missing any services during cold weather.

The Epworth league will hold the regular bi-weekly literary and social meeting this evening at the parsonage on Webster avenue.

Husband is Fatally Injured When Colts Overturn Carriage in Ditch—Small Children Escape Death

Keokuk, Iowa, Dec. 26.—Mrs. Isaac Baxter was killed and her husband was fatally injured in a runaway accident at Golden Point, Ill., seven miles northeast of here early today. Six small grandchildren who were in the carriage, escaped with bruises and scratches.

Mr. Baxter had just presented ground for a new building for the Congregational church.

They were within three blocks of home when the team of colts bolted and broke away from the carriage. The vehicle ran down a ditch and turned over Mrs. Baxter being caught under it.

SUIT IS BROUGHT AGAINST

KELLOGG CORN FLAKE CO.

Government's Action Will Determine to What Extent Manufacturers May Fix Retailers Prices.

Detroit, Dec. 6.—The Kellogg Toasted Corn Flake Co. is alleged to be violating the Sherman law, in a petition in equity, filed in the United States district court here today by order of Attorney General Wickersham to settle for all time the extent to which a manufacturer may control retail prices. The company and its officers engaged in the manufacture of Kellogg's toasted corn flakes, are charged with fixing prices at which the flakes are sold to retailer and consumer, preventing competition which would reduce the price to the public, and creating a monopoly by concentrating the entire interstate traffic in this commodity in the hands of jobbers and retailers who abide by price agreements exacted by the defendants. It is alleged that the defendants have invoked the patent laws through the use of a patented carton in which the flakes are packed as a "mere subterfuge and device" to escape the provisions of the Sherman law. The government asks for injunctions to prevent the company, its officers and agents from controlling the price of the breakfast food after it leaves the hands of the manufacturer.

The following are named as defendants:

Kellogg Toasted Corn Flake Co., and Will K. Kellogg, Wilfred C. Kellogg and Andrew Rose, respectively president, secretary and general manager of the company, all of Battle Creek, Mich.

The petition, filed by United States Attorney Clyde L. Webster, was drawn by James A. Fowler, special assistant to the attorney general, and is regarded by the government as of vast importance because of its bearing upon the right of a manufacturer to control prices to the consumer.

It is alleged that the company sells only to jobbers, refusing absolutely to deal directly with consumers or with the retail trade. The commodity, according to the petition is sold to jobbers at a uniform price under an agreement that the jobbers will sell to retailers at a price fixed by the defendants. The defendants are charged with strictly enforcing the agreement of sale by absolutely refusing to deal with any jobber who fails to maintain the specified price.

By the use of a patented carton, the defendants are alleged to control the price at which retailers sell to consumers. It is pointed out that a notice signed by the Kellogg Corn Flake Co. is printed on the flap of the carton in which the flakes are packed, stating that the package and its contents are sold conditionally with the distinct understanding that they will not be retailed at less than ten cents per package. For selling at less than that price, the vendor is warned by the notice that he is liable to prosecution as an infringer of patent rights.

The government insists that the patented carton can afford no protection in attempting to fix re-sale prices by retailers because, it is alleged:

"The carton was not in fact patentable as all of its material features had long been in use before the patent was issued; the value of the carton is negligible, the contents alone being desired by the purchaser; the defendants having sold the cartons and contents to jobbers have parted with all title to the commodities and have no legal right to fix prices at which the retail purchaser from the jobber shall be required to sell; and lastly 'its use is resorted to as a mere subterfuge and device to avoid the provisions' of the anti-trust law and the principles of the common law controlling such contracts.

The agreements, exacted from jobbers and the conditions of sale imposed upon and accepted by the retailers, violates the petition, restrain the interstate commerce in this breakfast food in that they prevent it from moving in interstate commerce at prices other than those fixed by the defendant company and prevent all competition between dealers which can affect its cost to the retailer or consumer. "They produce," it is added, "a monopoly of said interstate commerce in that they concentrate in the hands of those who abide by the terms of said agreements and conditions of sale the entire traffic in said article and exclude therefrom all dealers who refuse to enter into or abide by said agreements and conditions."

MAY HOLD LAWYERS FOR CONTEMPT

Client in Affidavit Filed With Court Declares His Attorneys Advised Him to Swear Falsely.

Chicago, Dec. 26.—Attorney James McKinley and Morris G. Leonard were ordered this afternoon to show cause why they should not be punished for contempt of court by Judge Jesse A. Baldwin. The rule to show cause was made returnable Saturday. The attorneys represented Joseph Saracino, who was recently sentenced to sixty days in jail for giving alleged perjured testimony in obtaining a divorce from his wife. In an affidavit filed with the court, Saracino declared that his attorneys advised him to swear falsely in the case.

A BEAUTIFUL CEREMONY.

Christmas day there was a family reunion at the home of Geo. H. Hall of Alexander and the occasion was most delightful. The leading event of the day was the christening of two little folks, grandchildren of Mr. and Mrs. Hall. A. C. Hall and wife of Springfield were there with their baby, George Latham, and J. W. Hall of Alexander with their daughter, Helen Maud and these two little ones were christened by Rev. E. S. Coombs, pastor of Douglas Avenue M. E. church of which Mr. and Mrs. A. C. Hall are members.

There were also present Miss Flora Hall of this city, daughter of the host and hostess, Henry Hall of Decatur, a son, Mr. and Mrs. T. J. Daughbaugh of Springfield, Miss Elta Kalb of Springfield and Edgar Shanklin. Mrs. Daughbaugh is a sister of Mrs. A. C. Hall.

It is needless to add that a sumptuous dinner was served and a general good time enjoyed by all present. Mr. and Mrs. Hall are royal entertainers and on this occasion were at their best with children, grandchildren and friends as guests.

WILL ASK FOR DEATH PENALTY

Attorney Will Ask Extreme Penalty in Case of Mrs. Burnham, Charged With Slaying Husband.

Chicago, Dec. 26.—The death penalty will be asked in the case of Mrs. Harriett M. Burnham, who today was placed on trial in Judge Korsten's court charged with slaying her husband, Herbert B. Burnham, June 10th, last. Attorneys for the state in their opening statement announced their intention of requesting the extreme penalty.

The jury was completed in two hours, breaking all recent records in murder cases in Cook county. All the jurymen said that they would inflict the death penalty if they thought the evidence warranted it. Mrs. Burnham will admit she shot her husband, but plead self-defense. She alleged her husband abused her while intoxicated.

A FAMILY REUNION.

Children and Grandchildren Gather at the Home of Mr. and Mrs. George Wilson.

Thursday was a date not soon to be forgotten in the history of the families of Mr. and Mrs. George Wilson and their children. Mr. Wilson's health has not always been good and one cause or another has all along prevented such a gathering as he and his wife would love to enjoy, but conditions were favorable this time and the invitations were issued. It was a source of regret that the two daughters living in Stafford, Kan., were so far away that they were unable to attend, but they were present in spirit at any rate.

For almost a half century Mr. and Mrs. Wilson have been treading the path of life together and they have reared a family which is a great credit to them. Sickness and troubles have been their lot to some extent, but they have maintained brave hearts and weathered the storms and now are able to look back on well spent and successful lives.

The dinner was such as would be expected at that home and nothing more need be said; it was fully up to the high standard enjoyed there and the guests did it ample justice. The entire day was much enjoyed by Mr. and Mrs. Wilson and all the guests. Those present were Robert Rawlings, wife and children; J. V. Richardson and wife and James Wilson, wife and two children from the Point; Mr. and Mrs. George Beckman, Mr. and Mrs. Iven Cox, Mrs. Sara Wood and daughter, Mrs. Lukeman from Pisgah and vicinity; Albert Wilson, wife and two children, Chicago; Charles Fawcett, wife and daughter, of this city; Ruth and Earl Teale, of Murrayville.

THE BUSY WOMAN'S DAY.

It begins early, ends late, and is full of work. She often has kidney trouble without knowing it. Her back aches, and she is tired and worn out. Sleeps poorly, is nervous, no appetite. Her bladder gives her trouble too. Foley Kidney Pills will cure all that and make her strong and well. They are the best medicine made for kidney and bladder disorders. City Drug Store—J. A. Obermeyer.

Afraid of Ghosts

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink.

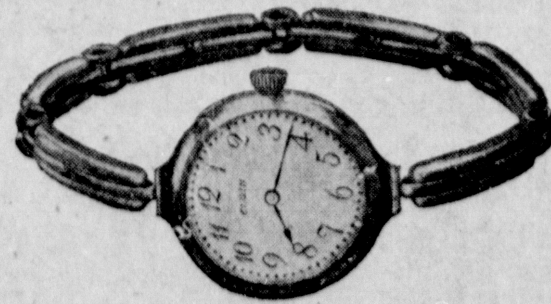

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a sallow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, purges the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or habit-forming drugs. All its ingredients printed on its outside wrapper. It is not a secret nostrum but a medicine of known composition and with a record of 40 years of cures. Accept no substitutes—there is nothing "just as good." Ask your neighbors.

THE WORLD'S LATEST FINANCIAL AND MARKET NEWS

NEW YORK STOCKS ARE STILL DULL

SHOW NO SIGNS OF AWAKENING FROM LETHARGY.

Trading Duller Than Tuesday's Listless Session and Most of the Day. Brokers Stood About the Floor of the Exchange Idle.

(By Associated Press.)
New York, Dec. 26.—There were no signs today of an awakening of the stock market from the lethargy into which it has fallen lately. Trading was even duller today than during Tuesday's listless session and most of the day brokers were standing idly about the trading post on the floor of the exchange. It was the smallest day's business since July, 1911, with a total of 101,000 shares. Holiday conditions still exist, and with the foreign exchanges closed and money rates soaring, there was little incentive to do business. While variations were unusually small, a firm undertone prevailed despite the flurry in money which sent up the rate for call funds to 12 per cent. Prices eased off fractionally when interest charges were climbing, but later recovered. Trading in the local traction issues were again unusually active and some further gains were made.

A few of the specialties moved widely. Included in this list were Pullman and Sears-Roebuck, which were strong and rubber, which sold down more than 3 points. Lackawanna was unusually active, but its price was little affected by announcement of the terms of subscription to the new stock issue. Standard Oil issues were active and strong on the curb. Standard Oil of New York advanced to 69.00, a rise of 105 points in less than a week. Other shares rose 25 to 50 points. The tightening of money rates was not unexpected, and its effect was minimized by the dullness of the stock market, the demand being so light that the rate eased off before the close. Uncertainty of the money rates during the closing days of the year will continue to act as a drag on speculation. The first of November returns from trans-continental roads came in today and in each case substantial gains in both gross and net earnings were shown. Union Pacific, Southern Pacific, Atchafalpa and Northwestern, all reported gains, while from the south a good return was made by the Southern.

CHANGES ARE SUGGESTED IN PROPOSED WATER CONTRACT

Capt. Mackey Wires Modifications
Asked by His Associates—City Officials Say Original Arrangement Should Stand.

Capt. C.W. Mackey wired to Mayor Davis from Franklin, Pa., Christmas day suggesting several modifications in the provisional contract that he made with the city on behalf of the Jacksonville Water company. Mayor Davis wired in answer that the council is adverse to any changes, believing that it will be better for both the city and the company to let the contract stand as outlined as the sentiment here seems to be favorable to the proposition. The telegrams exchanged were as follows:

Franklin, Pa., Dec. 25, 1912.
Hon. George W. Davis, Mayor, Jacksonville, Ill.

My associates think contract should be modified as follows:

First: Water company to receive 50 per cent of the gross earnings for all water delivered to consumers.

Second: Water used by city to be limited to its needs from a reasonable standpoint.

Third: City to keep its mains, pipes, reservoir or reservoirs, or standpipe or standpipes if erected, this to prevent unreasonable waste of water.

Fourth: Division of gross earnings should not extend further than a radius of ten miles of Jacksonville, and certainly not beyond Scott and Morgan counties.

Fifth: If water company gives good service, the present contract shall be renewed for thirty years.

Sixth: If the water company is ready to deliver water before June 1 it may do so by indemnifying the city against loss.

Please reply promptly as possible.

Charles W. Mackey, President.

Reply From City Commission.

Jacksonville, Ill., Dec. 26, 1912.

Charles W. Mackey, Franklin, Pa.
City council is unanimously of the opinion that there should be no modification in the terms of contract as submitted to you. People seem to be universally satisfied with it and we think it would be detrimental both to water company and city to attempt any compromise.

George W. Davis, Mayor.
